

Free attempt rules in Corona times

WS 2019/2020 – WS 2021/2022

For Module examinations which are considered failed after both dates, the failed attempts are not counted towards the maximum permitted number of examination attempts.

Free attempt!!!

For Internship module final exams *), which are considered failed, the failed attempts are not counted towards the maximum number of exam attempts allowed.

Free attempt!!!

The oral examinations “physik471, physik671 & physik681” are excluded from the free attempt rule.

No free attempt (examination attempt counted)!!!

Exams related to internships which are not passed, are excluded from the free attempt rule (applies to everything that happens within the internship course)

No free attempt (attempt counted)!!!

Module examinations which are executed using alternative forms of examination (presentation, homework...), in particular master's and bachelor's theses, are excluded from the free attempt rule. **No free attempt (attempt counted)!!!**

*)

Internship 1-3 & Elektronic Internship = two exam dates per semester

Internship 4-5 & Master Intership = only one date per semester, repetition by taking part in the course again
